Mr. Sinnott

Mr. Sinnott has been a dedicated member of the Masconomet staff for over thirty years. His passion for teaching as well as his friendly and funny demeanor make him a favorite teacher among the students at Masco. Mr. Sinnott's enthusiasm extends far beyond his job description. He is described as the "social director" of Masconomet, spearheading various get-togethers for the faculty.

Mr. Sinnott is an extremely devoted friend to retired faculty members and alumni, remembering each of them as though they were family. Although Mr. Sinnott is devoted to his students, he has many interests outside of school. He is an active gardener and he loves to plant new flowers annually. Mr. Sinnott is also an avid fan of Notre Dame football. At home his wife and two daughters are his top priority. He and his wife enjoy traveling and have paid homage to their heritage on a trip to Ireland, and plan to return again someday.

Those who know Mr. Sinnott well witness his desire to excel at everything in which he participates. His competitive nature has motivated him to participate in several marathons including the Marine Corps and Boston Marathons. This affinity for running is also reflected at Masco through his position as coach of the Boys Cross Country team. Even though he no longer competes in marathons, Mr. Sinnott remains active, walking each day with his close friend and colleague, Ms. Booye.

Mr. Sinnott is the epitome of an excellent teacher. His personality as well as teaching skills have made his english classes a pleasurable experience for all of his students. The members of the Masconomet community would like to extend their thanks to Mr. Sinnott for all of the passion, spirit, and dedication he has brought to this school.

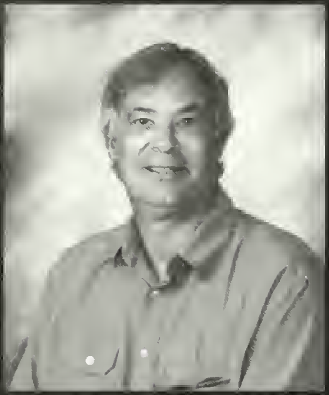
Retirees



Mr. Ballon has been a constant figure at Masconomet for eighteen years. He taught a multitude of classes, including Wood Tech, Automotives, Metals, CAD, Science and Technology, and Practical Math. Although he spent three years teaching in New York and nine years in Amesbury, Mr. Ballon has found that "the best kids ever" are at Masco. After his retirement, he looks forward to "not so much what [hell] be doing but what [he] wont be doing."

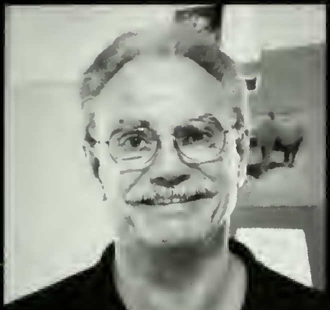
Mr. Ballon

Ms. Booye

Ms. Booye has been a fixture in the House D office for 26 years, keeping students attendances accurate. Prior to working at Masconomet, Ms. Booye worked with fourth graders at a school in New Jersey, though she feels there is "no comparison-Masco is the best!" In addition to office responsibilities, she has dedicated her time to selling tickets at football games, judging the Mr. Masco contest, and participating in Spirit Day. While she will miss Masco, especially her interactions with the students and the House D teachers, Ms. Booye looks forward to having more free time to travel, read, and spend time with her family.

Ms. Carlson has been working in the English department of the Junior High school for 19 years, starting as a tutor and eventually becoming a seventh grade teacher. In the beginning of her years at Masco she was the editor of the Junior High newspaper. She looks forward to taking motorcycle trips with her husband during her retirement but says she will miss the "wonderful group of dedicated professionals" with whom she worked as well as the "interesting and engaging students" she taught.

Mrs. Carlson



Mr. Faust has spent his entire teaching career, totaling 34 years, at Masconomet. In addition to working with the special education department for grades seven and eight, he coached volleyball for 25 years and headed up the softball and ski teams. He was active in the student council and organized ski trips to Sugarloaf for middle school students. After retirement, Mr. Faust looks forward to completing projects around the house and working part-time in landscaping.

Mr. Faust

Mr. Gilson

During his 28-year employment at Masco, Mr. Gilson worked with transition students, teaching math and English. In previous years, he also served as the Special Needs Coordinator for the High school and taught most of the core subjects. Outside of the classroom he acted as the club advisor for both the Environmental Club and Best Buddies. Since his retirement this past January, he has been busier than ever, teaching and taking pottery classes at several studios. Although Mr. Gilson misses the kids he worked with, he is enjoying his retirement and "highly recommends it."

Ms. Orthman began her career in the education field as a tutor in 1986, and did her student teaching at Proctor Elementary School here in Topsfield. She obtained her masters degree, as well as receiving certification in the special education computer software programs Wilson, Lindamood-Bell, and Semple Math. Ms. Orthman loved teaching Wilson, and after more tutoring, began teaching small Special Education classes at Masconomet. She has been here for twenty years, and will miss her many students and friends with whom she has very fond memories.

Ms. Orthman

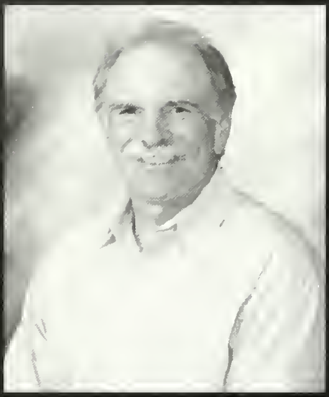
Mrs. Rasner

Mrs. Rasner has been a prominent figure at Masco for almost 22 years, the better part of her 40-year career. In addition to teaching Russian and French at Masco, she taught in Russia as well as teaching American Special Forces the Russian language. She served as an advisor for the Russian and French clubs and organized exchange trips to these countries. Ms. Rasner will miss her many students, but looks forward to traveling and helping her children take care of her grandchildren.

Mrs. Ryan has been a dedicated member of the Masconomet faculty for 35 years. She taught a variety classes in the field of science, teaching every single grade excluding the 8th grade. Mrs. Ryan also began the High School Science Fair at Masco as well as helping out with Photo Club, Student Council, and Junior National Honors Society. She took on the responsibility of being President and Vice President of the Masco Teachers Association as well as the Team Leader of 7-White. Mrs. Ryan enjoyed spending time with her colleagues and students and felt especially connected to the school because she lives in the tri-town and her own children attended Masco. However, she is looking forward to moving on from teaching discovering new interests.

Ms. Ryan

Mr. Sinnott



Mr. Sinnott has been a dedicated member of the Masco community for 32 years. Not only has he taught both Social Studies and English in the middle school and high school respectively, but he has also coached the boys cross-country and track teams for over 25 years. Although he will miss his colleagues and Mascos sense of family he looks forward several aspects of retirement such as sleeping in and traveling with his wife.

Ms. Stoehr is retiring after teaching for ten years at Masco and previously thirteen years at Pentucket. She has taught various classes in the math department, including Advanced Math, Applied Trigonometry, and Applied Statistics. Although she did not hold any coaching or extra curricular positions at Masco, Ms. Stoehr coached Girls Basketball and Field Hockey during her time at Pentucket. She looks forward to sailing with her husband on their sailboat and taking digital photography courses in her retirement, but will miss the birthday parties in the House D office and the "friendly, dedicated, helpful" faculty here at Masco.

Ms. Stoehr

Mr. Thomas

For over 30 years Mr. Thomas has made enormous contributions to the Masconomet community, both in and out of the classroom. During his career, Mr. Thomas taught English classes at every level from grades 9-12 as well as Social Studies classes, grades 7-12, earning the Massachusetts Mainstream Special Education Teacher of the Year Award in 1987. He served as a class advisor for 14 years, National Honor Society advisor for 12 years, National Junior Honor Society advisor for 11 years and academic advisor for the ABC house for 6 years. Mr. Thomas says he will miss the "great faculty and super kids" here at Masco but looks forward to "not waking up at 5 am" as well as pursuing activities that support his expertise in American History.

The Masconomet Student Council serves many purposes in school. Their tasks include working toward the improvement of school morale, assisting in the management of school charter clubs and organizations, as well as developing and promoting school activities. Students can vocalize their opinions to the Student Council, then have their requests heard and put into action.

Peer Leaders

The Peer Leaders are a proactive group of juniors and seniors who run Freshman Orientation as well as activities that promote trust, respect, and goal-setting. Their main objective is to ease the difficult transition for the freshmen from Middle School to High School. This year the Peer Leaders participated in and organized the annual Freshman Walk as well as a field trip to see *Hairspray*. Through group breakfasts and fun things like the 12 Days of Giving, the Peer Leaders and the freshman class have developed close bonds.

National Honors Society

The National Honors Society is the nations premier academic honor organization. Established in 1921, it celebrates high school students who have outstanding academic achievements. Students must uphold a GPA of at least 4.15 and demonstrate great leadership, service skills, and good character. The students in NHS are required to go above and beyond in community service. They run several service projects throughout the year including the annual Red Cross Blood Drive at Masconomet.

Model UN

Model United Nations provides the opportunity for delegates to experience how the actual United Nations functions. Students prepare for a final conference through evening meetings in which they write position papers, working papers, UN Resolutions, and practice debate skills. Eventually, delegates are assigned a country to represent in a conference with other schools. The conferences, held in New York and Boston, involve students from across the country. Model UN is challenging way for students to experience the difficulty of trying to solve real life issues.

Boys from grades nine through twelve move to Topsfield for the school year and attend Masconomet. The members of the ABC Board meet once a month to organize and plan events which support the program. The events include the annual ABC Auction and ABC Fair. The ABC Board is an important organization that enables students to have a better chance at success in high school.

Tri-Town Council

The Tri-Town Council has been a student organization for four years. At least once a month the student board holds a workshop for the general student population. Workshops include fun activities that vary from making healthy snacks and hemp accessories, to tie-dying and charity collections. The overall goal of the Tri-Town Council is to promote healthy living in young adults.

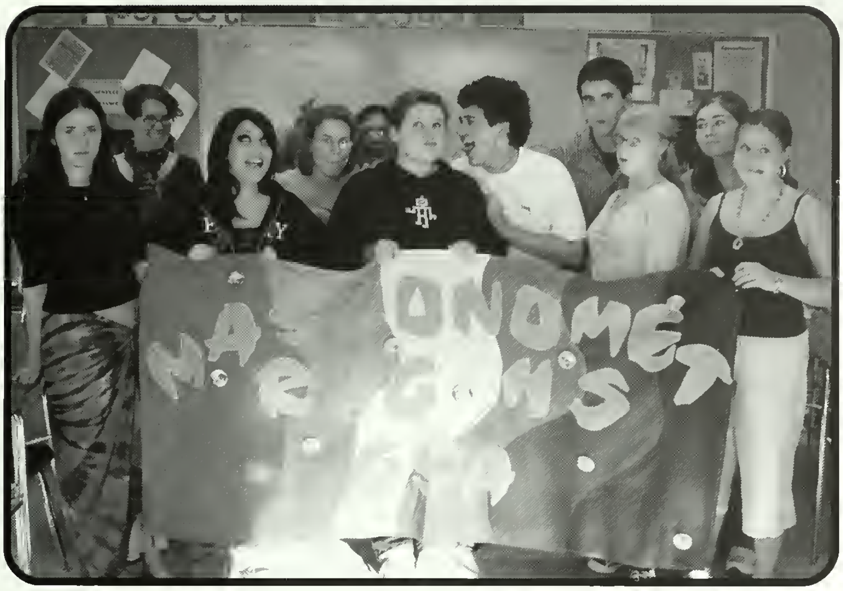
Habitat for Humanity

The Masco chapter of Habitat for Humanity is part of Habitat for Humanity International, an organization that provides nonprofit housing for families living in substandard conditions. The club participates in builds on Saturdays throughout the year. Members also partake in fundraisers that help raise money and awareness for the builds. Everyone who participates in Habitat for Humanity is rewarded with leadership opportunities, exposure to the impact of poverty, and a way to help and support the community.

Best Buddies

Best Buddies is a gratifying club where students can enhance and connect with the lives of other Masconomet students with disabilities. Members of this organization help to make these students feel more welcome in the community and at school. They provide a place for students to form lasting friendships. They also host a variety of events including a Holiday Yankee Swap and a trip to a Celtics game.

Gay-Straight Alliance



The members of the Masco Gay-Straight Alliance work towards creating a more accepting environment at Masco. They envision a place where everyone feels safe to express themselves. Annual events include Rainbow Week, participation in the National Day of Silence, the Safe Spaces Campaign, and Youth Pride.

Knitting Club

The Knitting Club is open to all students interested in knitting or crocheting. Students meet every Tuesday in the House C office for knitting, snacks, and socializing. Members enjoy sharing tips and teaching each other new techniques and patterns. Many members also bring projects from home to work on and show during the school meetings.

Science Team

Science Team is a fun way for Masconomet students interested in the various fields of science to get together and compete. With science teachers, Ms. Due and Mr. Kurtz as their advisors, the team participates in meets that test intellectual ability and skill. From projects like building a pasta bridge, to answering tough questions about the structure of an atom, science team meets are always full of unique challenges.

Environmental Club

Environmental Club aims to make an impact on the environment within Masco and reaching outward into the community. Members meet to discuss environmental issues that are significant to our lives. Participating in activities like controlling the invasive species of Crane Beach, the Environmental Club takes field trips that are fun as well as beneficial to the environment. It also reduces Masco's environmental impact by setting up recycling bins for the students and faculty. Environmental club is for students who love being outdoors and want to improve the world we live in.

Math Team

Math team is a fun and challenging club that offers an opportunity to compete in different categories of mathematics. The team has two meets per month from October until April. The first meet is against other teams in the Tri-State Math League, while the second is against teams in the Massachusetts Math League. They help edit and revise the submissions as well fundraise and design the layout of the magazine. Exit 51 is a great way for those who love to read and write to work on a unique project with a variety of interesting students.

French Club

The French club, like the other language clubs at Masconomet, offers a place for students to learn about the French language and country. Members host activities for the French exchange students, watch French films, and eat delicious French foods such as crepes. The students work with their advisor, Ms. Scarponi, to plan exciting field trips that broaden their outlook on the Francophone culture.

Spanish Club

The Spanish Club is open to all students who share an interest in the Spanish language and the Latin American culture. The Club advisor, Mr. Donahue, along with president, Erin Osgood, and vice president, Kelly Gibson, plan unique cultural activities like fiestas throughout the year. German Club

The German club is dedicated to educating members not only about the German language but also about the country and culture of Germany. Club members participate in many fun and interesting activities such as sampling German cuisine and making traditional German gingerbread houses. Other activities include film evenings, hosting guest speakers, trips to the theatre, and service projects.

WBMT

WBMT is an entirely student run radio station at Masco. Its signal reaches all of the Tri-Town and even several other neighboring towns. The station is active Monday- Friday from 2:30-9:00. The members must be very dedicated. Although, WBMT can be a lot of commitment and work, it is a very rewarding experience for those who participate. Each member contributes their own taste in music creating an eclectic collection for the station.

Stage Crew

The Stage Crew is responsible for the design and construction of all props and backdrops for the theater. This year they managed and programmed the lighting and sound for the performances of *Grease* and *Miracle Worker*. Their overall goal is to ensure that the actors look and sound their best. The members participate in design challenges. These challenges include creating design boards, gathering photos and fabric swatches for inspiration, and creating flat sketches. At the end of the challenge, the students produce their own fashion illustrations. Ms. Saitta also shares information about the inner workings of the fashion industry with the club members.

Band

The Concert Band is the largest musical performing group at Masco. This year the band took a trip to Disney World to perform in "Magic Music Days" during April vacation. They also performed in a scholarship concert in October, a Winter Concert in December, a Chamber Music Concert in January, and a Spring Concert in April.

The Pep Band is composed of lively and dedicated musicians. They are a staple to every home football game, pumping up the crowd in their red shirts. This year they also played at soccer games and pep rallies.

Jazz Band

The Jazz Ensemble is a select group that practices Wednesday nights at Masco. Every year they perform at the Outback Steakhouse jazz dinner held in the field house.

Pit Orchestra

The Pit Band is crucial to the Masconomet Drama Department. They practice and play along with the high school musical in the fall of every year. This year they provided music for the cast of Grease at all dress rehearsals and the three nights of the performance.

Percussion Ensemble

The Percussion Ensemble is a group of talented drummers who perform complex percussion rhythms and musical themes. They also play with the Concert Band during all of the band concerts.

Chorus

The Masco chorus program is comprised of many different branches including Singers, Chorale, the Cheiftones, the Treblemakers, Ladies Choir and Jazz Choir. Singers is an all-inclusive course that anyone with a passion for singing can join. Members of Chorale, a more exclusive singing group, must audition and be chosen to participate in the group. Chorale members take field trips to show off their skill, such as caroling during the holiday season and singing at different Tri-Town functions. The Chieftones is a four part male singing group where members are not only extremely talented, but are enthusiastic about singing.

Last year in response to the Chieftones, a group of eight girls created the Treblemakers, a female acapella group. Another group for female singers is Ladies' Choir, a dedicated all-female singing group that meets during lunch to practice. For those who enjoy more modern songs, the Jazz Choir was formed. This group meets after school to practice for performances at locations such as the Topsfield fair. The chorus program, as large as it is, runs very successfully and meets the needs of singers at every level.

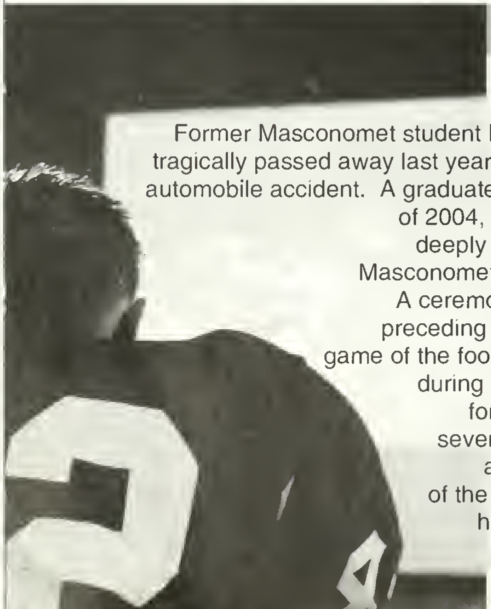
Football

This year the football team continued their tradition of greatness, bringing their achievements to a whole new level. They were the second football team ever at Masco to go the playoffs, and were CAL Champs with a final record of 9-3. The boys worked hard both on and off the field, pushing themselves in the weight room and during practices. All of their perseverance paid off when the team beat Wilmington for the first time since 1998. Their game against Ipswich brought the team together with a win in the final seconds. This season was dedicated to former Masconomet student and football player, Keith Koster, whose retired number 7, was hung on the field and in the locker room. Next year it will be hard to live up to this excellent season because several top players are graduating, but there are many promising underclassman who hope to fill their shoes.



Former Masconomet student Keith Koster, tragically passed away last year following an automobile accident. A graduate of the class of 2004, Keiths death deeply affected the Masconomet community. A ceremony was held preceding the opening game of the football season, during which Keiths former number seven was retired and a banner of the number was hung from the scoreboard.

Fall Cheering

The Cheerleading squad had several new changes during the 2006 fall season including the acquisition of a new coach and the addition of many new members. Despite these changes, the girls developed a close bond through pasta parties with the football team, fundraisers, dressing up for spirit and decorating lockers. It was great to see the cheerleaders pumping up the crowd and encouraging the football players at every game, rain or shine. Although their performance at CALs did not reflect the talent of the team, they were able to have an enjoyable and memorable season.

Boys Soccer

The boys soccer team had a rewarding year both for individual players and the team as a whole with several starters making it into the CAL all star game. Winning their way into the North Sectional semi finals in the state tournament the boys had yet another successful season, carrying on the tradition of exellence. With an overall record of 13-3-4, the teams improved passing game led not only to wins over tough competitors such as Brooks, but also to its fifth straight CAL champion title.

Coach Emmons' 500th Win

During this season and Dr. Emmons 34th year of coaching varsity soccer at Masconomet he celebrated his 500th win with the team. The epic game against Hamilton- Wenham was a hard battle to the finish ending in a score of 3-2. The 2006 season was an important landmark in his life and it demonstrated Dr. Emmons dedication as a coach since he began in 1972.

The boys cross country team had a great season overall, with an ending record of 10-2. Facing tough competition with Hamilton-Wenham and North Andover, they were able to beat North Andover in the CAL Open. There were a total of eight captains this year, making it easier for the boys to divide up tasks, leading to a successful season. They continued the tradition of the annual Meatfest, and worked hard to make Coach Ray Sinnott proud in his final season as a teacher and coach at Masconomet.

Juniors Clint OMalley and Mike Nazzaro were outstanding, winning within their respective weight classes in the Cape Ann League and North Sectional Tournaments.

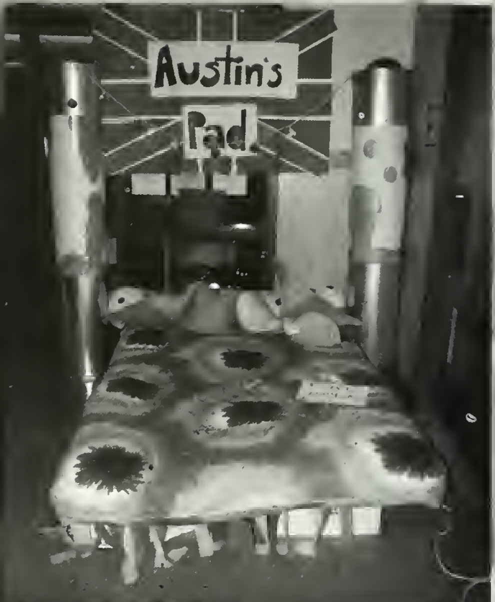
Homecoming

This year Homecoming Week also included a spirited carnival with a bonfire, a velcro wall, and teacher dunk-tank. Seeing an opportunity, some of the school's clubs and teams came out to fundraise, selling food and other items. Before the carnival began, there was a pep rally on the football field where cheerleaders preformed, coaches spoke in recognition of their teams, and the Homecoming King and Queen were announced.



The decorated halls were a big hit!

Students show their school spirit by dressing up as their class theme!

"Yeahhh Babyy!"

Tinkerbell and Captain hook reconcile their differences!

This year's homecoming was characterized by amazing participation and enthusiasm. Seniors started homecoming off strong, winning the sports team day by donning their Patriots gear with pride. The Juniors, Sophomores, and Freshmen represented other Boston sports teams well. When Hogwarts came to Masco on the second day, the Seniors again did not disappoint, winning the competition as Gyrffndor house. The other grades represented the Hogwarts houses with a positive attitude and excitement. The third dress up day came with the added anticipation of the hall decoration. With a movie theme, the Freshmen found the groovy Austin Powers as inspiration for their win in the dress-up portion, but they could not beat the Senior's perfect score n their Wizard-of-Oz-inspired hall. The last day of competition came with a pleasant suprise from the Sophomores, who won the red and white dress up contest. The final results came in with Seniors in the lead, followed by Freshmen, Juniors, and Sophomores, respectively.

Seniors get really involved as they compete for the final win of homecoming week.

Grease

Kay's amazing voice stuns the crowd.

Rachael's big smile and amazing acting skills light up the stage as her performance comes to an end.

This year the Masconomet Drama Department performed Grease as the fall musical. The three shows were held on the nights of November 2-4, in the High School Auditorium. While there were a few nervous mistakes on the first night, the cast executed their roles perfectly on both the second and third nights. Kay Maysek and Pat Davis filled the lead roles as Sandy and Danny while freshmen Jack Moriarty, playing Kenickie, wowed the audience with his first high school performance. The musical included complicated dance routines that were difficult to choreograph, but added a necessary and engaging component to the overall performance. The show was a huge success selling out for the first time in 15 years.

Miracle Worker

The Miracle Worker, 2007's winter play, was based on the life of Helen Keller and the incredible relationship she had with her teacher, Annie Sullivan. The play ran January 18th through the 20th and was directed and cast by Mr. West. Helen's character was played by freshman, Lily Cabour, who gave an outstanding performance in her first leading role. Bailey White also performed well as Helen's teacher, Annie. Other cast members included Harry Paine, Melissa Jessel, and Lang Haynes who played Helen's father, mother, and brother respectively.

Bailey White took on a tough role and handled it exceptionally.

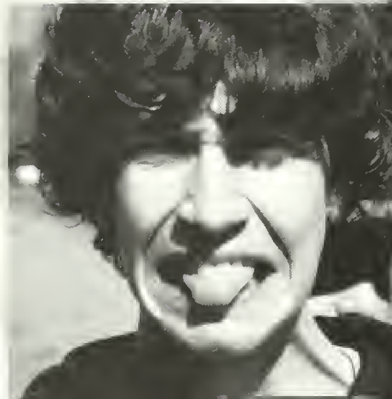
Freshman Walk

MASCO
BOSTON COLLEGE



This year's Freshman Walk was the most successful since the beginning of the peer leading program 10 years ago. The freshman class, in conjunction with the peer leaders, collected $20,313.68 to donate to the Boston Children's Hospital. Almost 500 participants made the six-mile trek through Topsfield in order to benefit their community. Following the walk, the peer leaders held a cook out on the football field complete with games, a DJ, and other fun activities to celebrate the day's success.

Peer Leaders show off their support of the walk by cheering as they come to their final mile.

Freshmen take a break from the walk and give a great big smile for the camera.

Student Faculty Basketball Game

The Student-Faculty Basketball Game ended yet again with a win for the Faculty. However, the score was very close at 76-74. Ms. Masiello and Mr. Hodges stole the show and impressed the spectators with their elite performance, while senior, Dustin DiGregorio, set the pace for the student team. For even more entertainment, Masconomet's Step Team showcased their hard work in their first public performance during half-time.

Spirit Day

Spirit Day was held in the field house on the hal day before Thanksgiving break. Students from each class competed in many fun games and activities including the relay race, water balloon toss, and "egg roulette". The Cheerleading Squa and the Masconomet Step Team also performed for the students and faculty. While the Seniors pulled through and won the tug-of-war competition, the Juniors finished on top overall, winnin the rolling-chair basketball game and the screaming contest.

Class Advisor

Señor Pierce

Dear Mr. Pierce,

The class of 2007 would like to express its deepest gratitude for all of your hard work during our three years under your leadership. The dedication you displayed while fulfilling your role as class advisor has helped us reach and exceed all of our class goals. We would especially like to thank you for the countless extra hours and the immense amount of effort you have given in order to make all of our class activities successful.

Your commitment throughout the years, particularly this year with all of our senior events, has been outstanding. You have been the most reliable and productive advisor we could have asked for. You truly went above and beyond your job requirments and have become more than just an advisor, but also a role model.

Junior Prom '06

The prom committee members of the class of 2007 gather for a picture before they celebrate the success of all their hard work.

Last year's junior prom was held at the Burlington Marriot on May 12th. The now-seniors followed the event's theme and spent the night "Dancing in the Moonlight". The Prom King and Queen, Andrew Dyer and Lauren Spencer, were selected by a lottery from the prom court late in the evening and danced together before the class.

These handsome boys gather together to remember a night full of smiles and dancing.

Brian, Derek and Dann show off their beautiful dates before they begin to dance.

Right before sitting down for a formal dinner they capture an exciting moment starting off their night.

Everyone strikes a pose for a memorable photo.

Halloween Party

There was no trick-or-treating for the class of 2007 this Halloween. The Seniors embraced the holiday sporting muscle tees, fake mustaches, and out of character costumes to make the Halloween Party a success . From Bill and Ted to Sandy and Danny, the costumes were incredibly original and fun. Winning the individual costume contest was Kim Feener dressed as mother nature with a green outfit and skin to match. As for the couples competition, Nick DeLuca and Gina Crotty rode to the top as Elliott and E.T. on the flying bike to freedom. Drawing the grand prize for the group contest was the nine member box of Crayola crayons.

Holiday Party

Smiles all around as seniors prepare for a fun-filled night ahead of them.

Brian and Alexi light up the dance floor, showing of their moves

This year's Senior Holiday Party was a semi-formal event held at D'Burrows Function Hall in Haverhill. Many members of the senior class were in attendance for the night of dinner, fun and dancing. Taking place on December 14th, the party was held in celebration of the holiday season and was decorated accordingly. As an added benefit the event also raised significant funds for the senior class.

After dinner students prepare for the dancing to begin.

Friends gather together as they enter to capture a memorable moment of the night.

I had an awesome time at Masco and I know that when I look back on high school I'll have no regrets. I've been looking forward to graduation since freshmen orientation, but now that its here I realize how hard it's going to be when I'm not with all of you. I hope that my memories here will stay with me forever. Mom and Dad, thanks for always making me study and checking up on me, I don't know where I'd be without you. The tri town is one of the dullest places around but everyone in it made it great. Chris and Garnett, I hope we always stay close. So many good times. Attitash, chillin in the Jeep, hoods pond. S6, best summer of my life, great nights at PI. John, brothers since 7th. Benasty and Hammatime, good games. Everyone on lax and xc, I'll never have better teammates. Thanks

We finally made it! I want to wish my fellow classmates the best of luck after this. I also wish the lower classmen the best of time they have left here for it will end pretty quickly, trust me I know. I also want to give a shout out to a student that couldn't be here to graduate with us, Chris Field, you'll always be remembered.

~The US is not my home country and my senior year wasn't in Masconomet; English is not my mother language and I didn't know any of this people a couple of month ago… nevertheless…I had a great experience and found under all this great, lovely kids some real friends, that I wont forget for the rest of my life. I had an unbelievable good (and safe?!) time with all of you.
The Masco students adopted me as one of them from the first day on and I have never regretted a moment. Coming here and join an extremely nice class of 2007 through ups and downs was a wonderful journey that prepared me for life.
Special thanks go to Family Soltis in Topsfield. Without you guys I never would have been able to enjoy my stay as much as I did. You always supported me and I immediately felt like a part of your family…eternally thankful. Cara, good luck
Last but not least: Su, speechless of finding you here and amazed by what we did together! Kin, pack your back pack. « Al, Citro, Cob, Travis, Tony, Wetmore »

Mom, Dad, and Hill,
I love you all and I cant thank you enough for everything that you have done for me. Dad, even though you re a bit demanding you always kept me on task. Even if at times it was a bit ridiculous. Mom, what can I say? I love you so much and you are the best mom a kid could ask for. And some words of wisdom to my little sis. Hill, keep it up and keep on living. Make as many friends as you can and regret nothing. And to the rest of you who know me, you know that words are something that I can actually handle, so it may surprise all of you that I am lost for them at the moment.
So I am gonna keep it short and sweet. "Thank You." <3

Throughout my four years at Masco, I have learned many things, most relating to schoolwork but the most important lessons are the ones that relate directly to life and will help me make decisions throughout college and the rest of my life. I can't believe I made it through the Masconomet school system. I would have never been able to excel in and out of the classroom without the support from my family and friends and influences like Dave Matthews, and many others. I look forward to college and graduation.

Christopher Field's generosity extends far beyond his death in the summer of 2005. As an organ donor, he has contributed greatly to the physical and spiritual betterment of medical patients around the world. More than a dozen children and adults suffering with heart disease, sight ailments, and cancer were granted another chance to live life give back to others, just as Chris had done for them. The Masconomet community is fortunate to have benefited from his experiences and strength. Not only did Chris' donations give people the gift of sight, and in some cases life, but also gave hope to those in need.

When I first walked into freshman orientation, I thought I'd be in high school for a long time. Now that I am walking out of my senior year, I feel that high school was too short. I have become someone who is confident to walk in her own shoes. I follow my own stars. I have learned so much, but I plan to learn much more and further my education.

Wow, I never could have imagined high school going by so fast. I'm glad to finally leave and go to college, but I'm definitely going to miss this place. **Mom and Richard-** You have both been essential to my academic success, Mom loving me and supporting me with all of my decisions and Richard giving me information on all different types of careers that I would succeed in. **Dad-** Where can I even start? Let's just say you have been there for my athletic career since I could first walk. Without you I never could have become the athlete I am today. Thank you for all of that support and I can't wait to see you from the college sidelines. **Soccer guys-** 5 peat CAL champs!! I'm going to miss you guys. I was also put on the instant death execution seat for an infamous laxative incident. My sophomore year I was asked how big do I want my nose by an Egyptian. My senior year I took the derivative of some ahhhhhhhhhhhh... magic... 𝄞 's. Everybodygothat?okaygood. Because if you don't 16M hydrochloric acid's coming your way.

"Why can't we get all the people together in the world that we really like and then just stay together? I guess that wouldn't work. Someone would leave. Someone always leaves and then we have to say good-bye. I hate good-byes. I know what I need. I need more hellos." -snoopy

If I leave here tomorrow would you still remember me?
For I must be traveling on, now,
Cause there's too many places I've got to see.
But, if I stayed here with you now
Things just couldn't be the same.
Cause I'm as free as a bird now.

The end of senior year signifies the beginning of a new journey. One that I am sure we are all very prepared for. **Mom and Dad-** Thank you for always being there, giving me useful advice and helping me in so many ways. You both love me very much and I love you just as much if not more. You both will forever be significant parts of my life. I love you. **Mikey-** Even though we've had our share of fights, just like every other brother and sister, you're great and you're always on my side. Live it up, and just have fun during your next three years of high school. I love you. **Friends-** You guys are more like my family. We have had our share of fights but we always seem to make it through. There are a few friends who I have know for what seems like forever and many more that I am just getting to know and love. Even though they say that your friends from high school never last, I believe that the bonds we have made are so great nothing will keep us apart. I love you guys! I hope you never fear those mountains in the distance Never settle for the path of least resistance Living might mean taking chances But they're worth taking Lovin' might be a mistake But it's worth making Don't let some hell bent heart Leave you bitter When you come close to selling out Reconsider Give the heavens above More than just a passing glance And when you get the choice to sit it out or dance I hope you dance!

Love Always,

I will always remember my freshman year summer reading project. I was supposed to read a book over the summer and present it to the class. The day before I realize I had nothing to present. I didn't read anything. I looked throughout my house to find something I have read in the past and found nothing. Then I saw it, it was a book about stars and other stuff. I ~~thought~~ figured, ~~there~~ theres no way Beekley has read this so I brought it to class next day. I had no poster or anything so I thought of just taking the F but Bacco let me use the back of his. I drew some stuff and went up to say my stuff. As I talk, I was making it all up, I kept on adding stuff in to make my presentation longer. At the end she asked me questions I just aswered yes to everything. I almost started laughing because I saw Tommy D. and Bacco chracking up. I got a grade for it after all.

I had a great time while in Masco in and outside of school. Jamming with friends, fishing or just driving around are all great memories that I will have forever. Though High school wouldn't have been anything special without my friends, Thanks guys. My family was there for me through thick and thin and I owe them a huge amount of gratitude. Although I know that this may sound a little cliché, I can't believe it went by that fast. Everyone always tells you freshman year that high school will be gone before you know it, and it's true. High school did have its long, tedious, stressful, and agonizing moments, but we made it through. I know that without the love and support from my friends and family, I would not have made it this far and accomplished so much. **Mom** and **Dad**- you have never let me down. I know that you are the basis o my support, and would do anything to make me happy. **Kimi** I could not ask for more in an older sister. I look up to you, and I know you will always be there to pave the way for me. **Alyssa**- Even though we are from very different places, and may not always be twenty minutes away, you will always be my sister, my friend. To the rest of my **friends**- Thank you. It was a long ride, but I'm glad that I had you guys along for the trip. I will never forget the mornings under the stairwell, lunches anywhere but the Caf, repetitive weekends at Liberty Tree, and the countless hours spent thinking of what to do in the Tri Town. I will admit that at times it was boring, and others full of dramatic events, but it's jus the way that we live.

Mom & Dad- Thanks for everything. High school would have been a million times harder without your support. You've given me everything I need and hopefully I can repay you with that beach house someday. **Cliff-** You carved the path through high school, and I tried to follow it. You may be off at college but you're still a part of this family and you'll always be my older brother. **Teachers-** Thanks for everything. I've learned so much over the past four years and I don't know how to repay you. You're the best teachers any school has to offer. **Guys-** Nathaniel, Mac, D Grove, Tasso, Haffty, Bartlett, Sam- good times these past years, and still more to come. **Girls-** Liz, Deirdre, Melissa, Steph, Kate, Ally, Liv, Erika, Anna- All of you have taught me something, I'm just not sure what it is yet, so since I'll remember you, try to remember me. **Everyone Else-** Good Luck in your future, I wish you all the best! **Congrats Class of 2007!**

And so high school ends. It's kind of crazy - I've known some of you for over 12 years, and it seems like I've known a lot of you that long as well. Good times. It's been real. Peace out. Later. Goodnight and good luck. OO RAH! etc.

As the poems go into the thousands you realize that you've created very little. It comes down to the rain, the sunlight, the traffic, the nights, and the days of the years, the faces. Leaving this will be easier than living it, typing one more line now as a man plays a piano through the radio; the best writers have said very little and the worst, far too much. [C.Bukowski]

Mom, Dad & Curt: Your love and support means everything to me. Thank you so much; I love you guys. **Brooke:** what can I say, we're a package; I don't know what I would have done without you. **Ash:** since first grade; You always find a way to make me smile & laugh; never ever change. **Em:** my official date and favorite little ball of fire. ***iloveyouall.*** **VBallers:** All the original Bitties, Bias, and SAP's; These past four years with you girls has been absolutely amazing<3. First of all I want to thank my mom and dad for moving to Topsfield so I could get a better education. Also for being so helpful through all my academic dilemmas. I want to thank all of my friends for always being there for me the past few years. Most importantly I would like to thank my best friend who has been by my side night and day since I was seven years old. I don't think there will ever be a way to express how much she means to me. She gave me friendship, happiness, and unconditional love.

Well, it's Monday morning, early release, and I'm sitting in Mr O's office during study period, writing my senior square. They were actually due Friday, but as usual, I'm sitting here doing something I procrastinated for way too long. This pretty much describes my four years of high school perfectly. Sitting here with close friends listening to music and laughing.

I wouldn't change my experience for the world. While unconventional, it has been something I can call my own. Thank you friends and family for all your support. I've had a blast!

It's hard to believe that high school is already over; these four years flew by faster than I ever could have imagined. **Mom & Dad** -I love you both so much. Thank you for everything you have done for me. Without you I wouldn't be who I am today. **Brendan**- You are the greatest older brother anyone could ask for. Thanks for always looking out for me and always having my back. **Kristin**- my other half! I honestly don't know how I would have gotten through four years of high school without you. You are the best twin and best friend a girl could have. I LOVE YOU! **Britt**- My Best friend. It's hard to believe we've known each other for ten years, all the way back to SLS and Arabesque. We've been through so much. Love you. **Lauren**- You are such a great friend. We've had so many good times: Getting lost in Salem and New Years Eve in Indiana. I can honestly say that high school would not have been the same without you. I love you. Oh and by the way, thanks for getting me through Art History this year, you're the best! **Andrea**- I love you to death. If it weren't for you and your family I'd probably still be in Indiana, and I am so grateful for that. Even through all the fights we've had we made it and now we are closer than ever. I guess if a friendship can survive four months of living together, it can survive anything. Haha I love you babe. And by the way you know I'm the DCF women's champion! **Alex**- Oh Alex what can I say! We've been friends since science and history freshman year. You're the only person that would go to all those prep dances with me, and meet random boys from Georgia in Boston, haha I love you babe, you've made it memorable. **Ashley**- I remember the first thing you said to me, asking us all those stupid twin questions. I never thought we'd be so close. Without you I don't think I would have made it through the end of junior year. I love ya. **To the rest of my Masco girls:** MK, AH, LH, HR, KK, JB good luck next year. **To all my dance girls:** CH, KK, JM, KM, BD, KP, AL, I love you girls. **Guerin Cheering girls:** You're the only reason I made it seven months out there. It's been a long four years but I did it. I'd like to thank my parents: My Mom for helping and motivating me to do my schoolwork and my Dad for his support, guidance and letting me know how it was when he was my age. You both have made me understand that in order to do well later I have to work hard now. I thank you both for the love and support you always give me. Thanks to my sister, Karen, for always being there when I needed to talk to her.

how we all want this, life a little more everyday
It's crazy how we pick ourselves up just to let us down, anyway,

and relax for a delicate few...

It has been said over and over, but who would've guessed that four years could go by so fast. High school has been great but it's time to move on. To everyone who has helped me survive the past few years, thank you! First to my family, I love you all. Kim, Britt, Molly- We may fight all the time, but I'll always be there for you all! You're all awesome, don't let anyone tell you otherwise. Merri- My "fourth" sister, you know me better than almost anyone, all I can say is: "If you're thinking about moving the refrigerator, I suggest you think again!" To all my friends: Maria, Michaela, Rachael, Ashley, Jillian, Katherine, Joanna, Meghan, and everyone else, thank you so much for always being there and for making my times at Masco unforgettable!! In the movie Grease. Danny Zuko and Sandy graduate, go to a carnival, sing a song or two, and than fly away in a car. I have recently realized that graduation won't be this easy, because in additon to the fact that flying cars don't seem to exist yet, it is going to be tough to say goodbye to everyone. I am still making new friends, and I feel closer to my older friends than I ever had before, and it seems that this is all going to end at once. Hopefully it will not be goodbye for good, because we will probably bump into each other at a super market 20 years from now, and your bratty children will be tugging at your now-obese self and asking for some Pop-Tarts that you cannot afford, and than I will go home to my mansion and laugh about the whole situation with my super-model wife.

I can't believe senior year is finally here. So many of you, I've known since kindergarten. To think that this is the end of school baffles me. Yet this is just a transition to another step. I would like to thank my mom and dad for their infinite patience and their ability to back me up on anything I did, always pushing me to do better. Without them I wouldn't have had the motivation to get through school. Lisa, you're a great person and you've taught me a lot. Tyler, I couldn't ask for a better brother. And lastly, my friends, without you guys these last four years would have been terrible. Each of you has that unique way of making me laugh and I will miss it. There have been a lot of good memories, interestingly; the best ones are from when we were just hanging out. I think that says something . Also, everybody who was a part of my life, you made it so much better, even if it was just saying Hi to me in the hallways, you're all great people.

Maria Poulopoulos

These last four years have been so amazing! My experience at Masco would not have been as memorable as it was without the support from my family and life lasting memories shared with my amazing friends.
Dad and Mom- I love you both so much and would never be the person I am today without your love and guidance.
Theo, Deme, Vanna, and Pamela- So many fun times over the years. Thank you for all your love and support, and I wish you the best luck in your future.
I would like to thank all my friends who have always kept the good times rolling and stayed by my side.

High School has definitely flown by (in retrospect). It was a good time though. Thank you Mom and Dad for way too many things to mention. I love you both. Kaleigh- I'm so happy that I have a sister like you, all I can say is mmm... brownies. Dean, KB, Andrew- we've had way too many good times playing Halo all night, bingeing on Tostitos and whatnot. KB- I hope someday you can find the hole. It's always a good time with you and hopefully they'll keep coming at Amherst. Dean- You're one person that I find I can always relate to, if nothing else through our shared cynicism. I shall await the day of prophecy. Andrew- no inside joke, I'm just happy you've always been my friend. School would have been a lot less fun if you guys weren't around. Holly- ahh foolish gardening equipment, how I love it. We had quite a few good times and I hope they don't end with Senior year. Hillary, Aimee, Lexi, Gabbi, and all you other womenfolk I don't have space for, I'm proud to have friends like you. Wrestling team and Coach- I love you guys and our potential is unlimited. Spanish Exchange '06! If I forgot anybody, sorry, you know I love you. Good luck to all!

I just want to say that I had a great four years here at Masco, and I want to thank all the teachers who made the school days exciting and worthwhile. And for those who didn't, thanks for trying. I also want to thank all of my friends for some awesome times. And now, here are some words of wisdom.

I would like to thank my parents for helping me to get to this point in my life. I would like to thank my friends for making these four years of school fun. As we move on to bigger and better things we'll look back and smile on the great memories we had in hig school. Like the fun times in Mr. C's Life management class with Steph. (Shake ya money maker) and "the things with the things but not those things." Fun time playing lax and hockey, it's sad for high school to be over, but its time to move on to bigger things.

As the years passed by we never imagined it would end this quickly. It's the end of one chapter c
our lives and the beginning of another. High school is full of many memorable times, some we wish we could forget. It's scary to think of what the future holds for all of us, how all of our lives will play out, and will we meet again? It's a time to look back on the past years with no regrets, i
a time you realize the true meaning of friendship. For everyone I have grown up with and the friends I have made the past few years who have been there to listen, laugh, and cry with I thank you and love you! Mom and Dad, you helped to shape me into the person I am today. Thank you from the bottom of my heart. I love you both. Nikki, you are simply the most amazing sister someone could hope to have. You will forever be one of my best friends. Thanks so much hun, fc

Thanks mom, dad, ally, friends and other family for being there for me when I needed you. I really appreciate it. -Grant-

Freshman year, for the first time, they herded us all down to the auditorium where they told us that this whole high school thing would fly by. Well, what a lie they told. It's been a long time, but it was worth it in the end, and now it's off to college? Andrew, Dean, Pat, Steve, many a good time guys. Thank goodness senior year has been this easy, because Chem still haunts me, Norm Clark and his minions named P-Sets. In the end though, it's all good, I've befriended many people who have come to mean a great deal to me. Aimee and Lex, there's always second base! Just remember as often as one can, to introduce that gas pedal to the floor again, for life gets better.

I want to thank my family for everything. I love my brothers, PJ and Rya and my mom and my dad. My mom works so hard for my family. I also love my aunts, cousins and uncles. I have the greatest friends in school named Anthony, Matthew, Emily and Kailey. I also thank my teachers. Norm is a great tutor. Mr. Gilson is a great Math teacher. Mrs. Pantapas and Ms. Joan Murphy are so beautiful and they are great teachers. I like being part of Best Buddies and I love having parties with them. When I grow up I want to be a rock star just like Elvis Presley or be just like my favorite wrestler, Batista. I like his move (the Batista Bomb) and I hope I can do it someday. I will miss all my friends and teachers in high school. -Russell Walker

These past four years have gone by very quickly. I can still remember myself as a new incoming freshman entering high school. I want to thank everyone who has helped me to be where I am now. Mom and Dad thanks for always believing in me and telling me that I have the confidence to succeed. Thanks to my brother and sister who have been there for me when I needed it. Thanks to my friends to all the good times we have had throughout the years. As I move on to college, I will never forget how much you all mean to me. I wouldn't be where I am today without you all. ....I hope you never fear those mountains in the distance, never settle for the path of least resistance. Living might mean taking chances, but they're worth taking. Loving might be a mistake, but it's worth making. Don't let some hell bent heart leave you bitter. When you come close to selling out, reconsider. ...and when you get the chance to sit out or dance,
I hope you dance.

You Bring Happiness & Smiles
We Love You !!

I hope the days come easy and the moments pass slow,
and each road leads you where you want to go,
and if you're faced with a choice, and you have to choose,
I hope you choose the one that means the most to you.
And if one door opens to another door closed,
I hope you keep on walkin' till you find the window,
if it's cold outside, show the world the warmth of your smile,

I hope you never look back, but you never forget,
all the ones who love you, in the place you left,
I hope you always forgive, and you never regret,
and you help somebody every chance you get,
Oh, you find God's grace, in every mistake,
and always give more than you take.

But More than anything, Yeah, more than anything,
My wish, for you, is that this life becomes all that you want it to,
your dreams stay big, your worries stay small,
You never need to carry more than you can hold,
and while you're out there getting where you're getting to,
I hope you know somebody loves you, and wants the same things too,
Yeah, this, is my wish. Yeah.

Congratulations Katie

I hear the wind across the plain
A sound so strong- that it calls my name
It's wild like the river- it's warm like the sun
Ya it's here where I belong
Here I am- this is me
I come into this world so wild and free
Here I am so young and strong
Right here in the place where I belong
It's a new world- it's a new start
It's alive with the beating of a young heart
It's a new day- in a new land
And it's waiting for me- here i am.

Elizabeth, it's your time to follow your dreams. You've been set free, fly like the wind!
Remember we are always behind you.
Thanks for all the wonderful memories and good times.

Jerry,

On October 5, 1989 you were born, it seems so unreal to me that we are at this point today. I know that I tell you every day that I love you and how important you are to me, but you must also know how extremely proud I am of you. Jerry, you have grown up to be a wonderful, caring, intelligent, and respected young man and that means more to me than you can imagine. Jerry I wish for you all that is good in the world: health and happiness, a life filled with great ambition, and always walk with confidence and strength. Look up into the world and the world will look back up to you. Jerry, no matter what you do, where you are, I am right behind you at all times Make intelligent decisions and stand beside them. If you should fall don't be afraid, it's a lesson in life, I'll be here always to help pick you up. Jerry, I love you, you are my heart and soul. Congratulations on graduating.

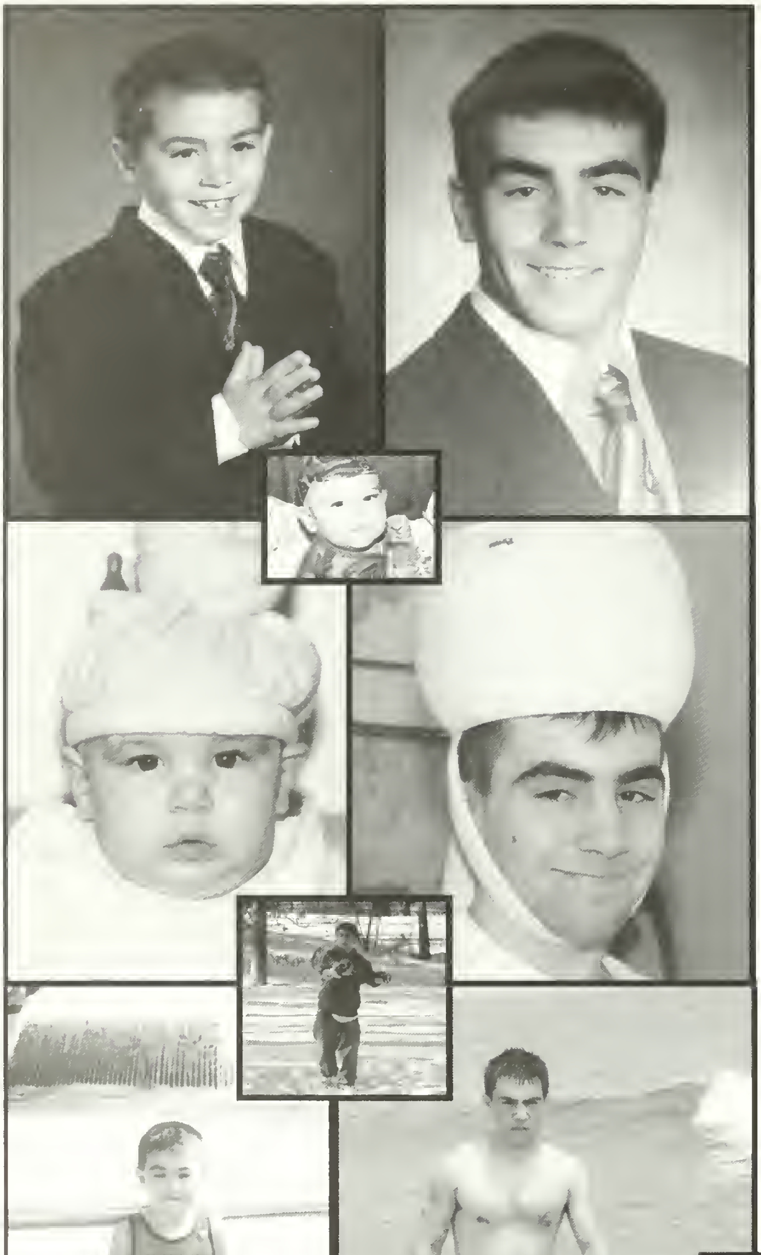
Love you lots,
Mom, Dad and Justin



Domenic,

I hope that the days come easy and the moments pass slow, And each road leads you where you want to go, And if you're faced with a choice, and you have to choose, I hope you choose the one that means the most to you. And if one door opens to another door closed, I hope you keep on walking till you find the window, If it's cold outside, show the world the warmth of your smile. I hope you never look back, but you never forget, All the ones who love you, in the place you left, I hope you always forgive, and you never regret, And you help somebody every chance you get, Oh, you find God's grace, in every mistake, And you always give more than you take.

But more than anything, My wish, for you, is that this life becomes all that you want it to, Your dreams stay big, and your worries stay small, You never need to carry more than you can hold, And while you're out there getting where you're getting to, I hope you know somebody loves you, and wants the same things too, Yes, this, is my wish.

Congratulations & Good Luck!

Love Always,

Although you see the world different than me,
Sometimes I can touch upon the wonders that you see.
You don't need directions, you know which way to go.
I don't want to hold you back, I just want to watch you grow.
Nobody's going to kill your dreams or tell you how to live your life.
There will always be people to make it hard for awhile,
But you'll change their heads when they see you smile.
The times you were born in may not have been the best,
But you can make the times to come better than the rest.
I know you'll be honest and you'll always be kind,
Oh, yes, sweet darling, so glad you are a child of mine.

It won't be the same around here without you, but we send you off to college with so much pride for who you are and what you have become. It's only the beginning though, experience life with the strong values that you've developed and great sense of humor that enables you, and all around you, to have a little fun! May you continue on the road of integrity you have so diligently traveled. As you know, sometimes in life that road may get temporarily bumpy. During these times, always remember that life has two guarantees, your family and faith will always be there to support you. We love you with all our heart and soul. A daughter is a wonderful blessing;
a treasure from above.
She's laughter, warmth, and special charm;
she's thoughtfulness and love.
With every year that passes,

Through every stage, through every age,
you love her even more.

the pride and gratitude, too,

Dearest Brian,

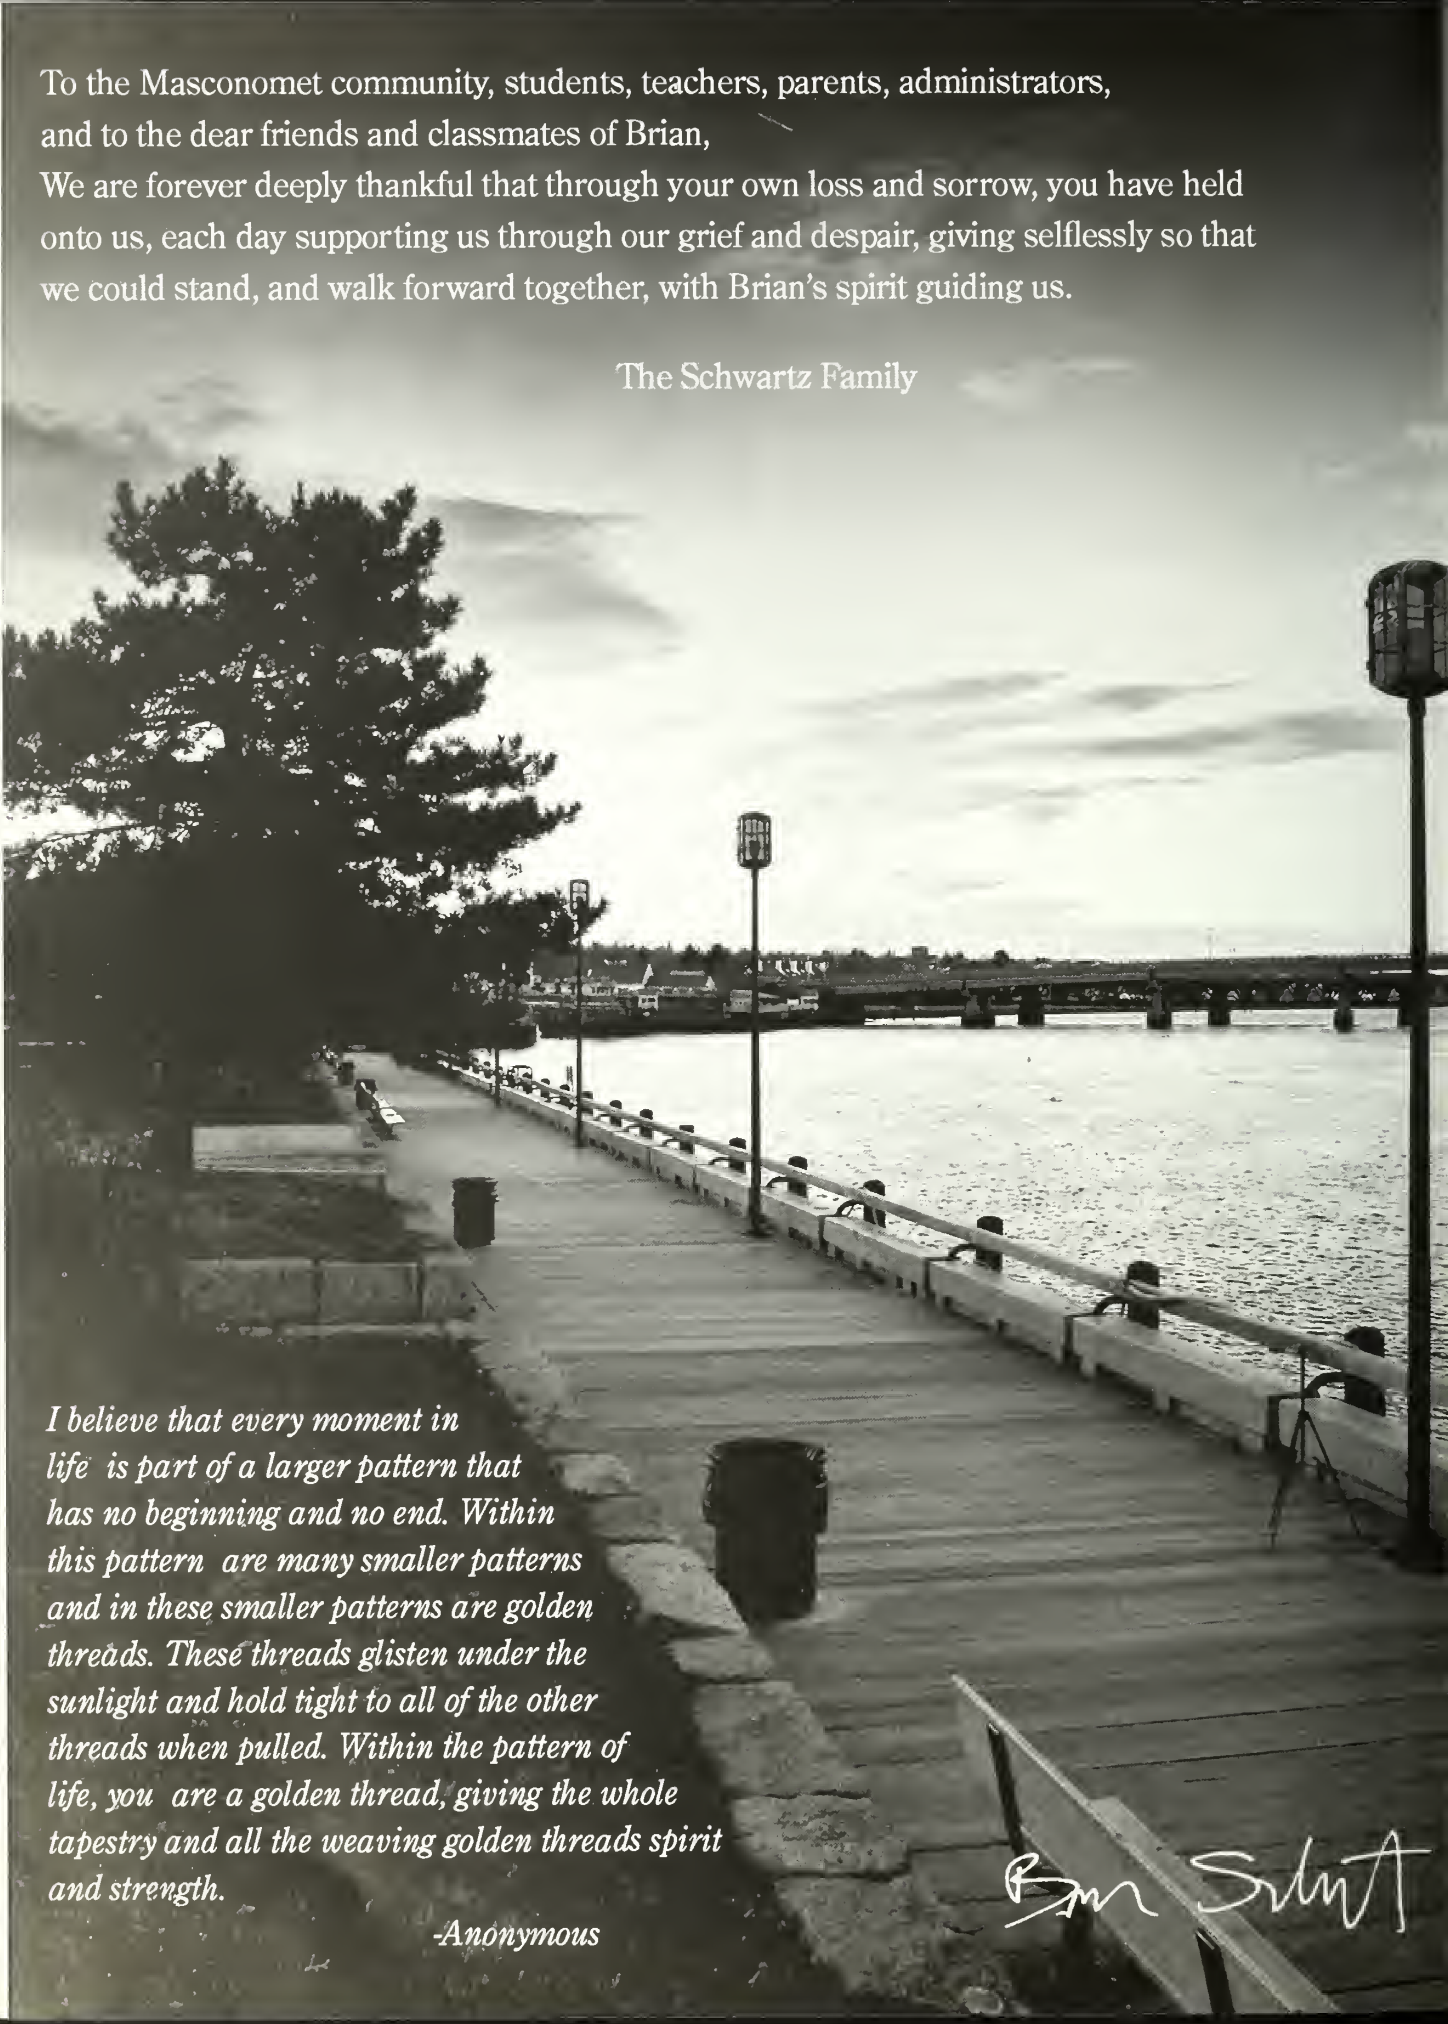
Your run here ended too quickly, yet you accomplished more in your short lifetime than many of us ever will. I am proud, beyond measure, of the way you lived your life - with integrity, empathy and lightheartedness in each step you took. You touched many people's lives in a positive way, your influence reaching farther than you could have known. Your smile was filled with heart and soul. Your presence truly lit up a room. Your were an unending beam of brightness every day of my life. I will never stop missing you.

We are in each other's hearts forever, Brian

I love you,

Mom

On Febuary 18, 2007 a tragic accident claimed the life of Brian H. Schwartz. Above is his parent message submitted to us in the early fall of 2006. It holds a special place in this book and our hearts, just as Brian does. He is with us everyday, watching, laughing and smiling. While pictures may help us to remember his face, and words can remind us of his passion for life, Brian's spirit will remain with us forever. We love you Brian Schwartz.



To the Masconomet community, students, teachers, parents, administrators,
and to the dear friends and classmates of Brian,
We are forever deeply thankful that through your own loss and sorrow, you have held onto us, each day supporting us through our grief and despair, giving selflessly so that we could stand, and walk forward together, with Brian's spirit guiding us.

The Schwartz Family

I believe that every moment in life is part of a larger pattern that has no beginning and no end. Within this pattern are many smaller patterns and in these smaller patterns are golden threads. These threads glisten under the sunlight and hold tight to all of the other threads when pulled. Within the pattern of life, you are a golden thread, giving the whole tapestry and all the weaving golden threads spirit and strength.
